

Greetings!

Thank you for your interest in having 2 TEACH, LLC conduct staff development with your school, district or state in the area of co-teaching and collaboration. We have worked with a variety of educational groups, of all sizes and with a variety of needs. Every 2 TEACH, LLC instructor uses the same materials and presentation that are research-based and field-tested to ensure consistency, high standards, and above all, a positive teacher/administrator response.

The handbook that accompanies the staff development by 2 TEACH, LLC is entitled “Co-teaching in the Inclusive Classroom: Working together to help all your students find success.” This book is authored by Dr. Wendy W. Murawski, CEO of 2 TEACH, LLC. Dr. Murawski maintains full copyright of the handbook and is the sole source for its obtainment.

Staff development modules are available through 2 TEACH LLC as well. Each of the four modules was authored by Dr. Murawski & a colleague. Dr. Murawski maintains full copyright of all four modules and is the sole source for their obtainment.

In addition, the co-teaching software entitled “Co-Teachers’ Toolbox” and the “Co-Teaching Observation System” are available only through Co-Teaching Solutions System, which was created in collaboration with 2 TEACH LLC. We are the only source for the CTSS software.
